

ISIA Suppliers Network

The Irish Security Industry Association (ISIA) welcomes suppliers to the security industry to become members of our supplier's network. This network is ideal for manufacturers and distributors of security products that are already trusted by ISIA members, allowing you to build relationships with other ISIA members based on that trust.

About the ISIA

The ISIA was established in 1972 and has been a voice for the Irish security industry since then. The ISIA represents the full spectrum of companies within the security industry: Electronic Security (Intruder Alarms, CCTV & Access Control), Physical Security (locks, safes, gates, shutters and grilles), Guarding Services (Static & DSP), Event Security, Monitoring, Transport/CIT, Security Consultants, Private Investigators and Secure Data Destruction. Our members make up the largest majority of the turnover and employment in the security industry in Ireland.

Benefits of becoming a member

- ✓ Gain access and introductions to ISIA members
- ✓ Have relevant news content posted on the ISIA website and promoted on ISIA social media networks
- ✓ Branded page on the ISIA website
- ✓ Use of the ISIA logo
- ✓ Opportunities to attend and network at ISIA events
- ✓ Access to the most up to date legislative & market information
