CRITERIA FOR NOMINATION

This award enables the Security Industry to recognise those companies providing locksmith services who are truly outstanding and valued by the client. The award is intended to foster and encourage high standard amongst locksmiths and drive competitiveness, quality and a higher level of service and customer satisfaction in the security industry overall.

Nominations should be submitted in the form case studies of a piece of work completed over the past 12 – 18 months giving details of how this piece of work demonstrates **1) Planning & Organisation 2) skill & expertise 3) innovation 4) customer service and 5) client satisfaction**. Locksmiths may give details of up to three pieces of work to demonstrate consistent performance. Please avail of this opportunity to demonstrate more than one example of outstanding work.

The purpose of the case studies is to support nominations submitted by survey. Locksmiths must have received nominations by survey in addition to the case study submissions to be considered for the award.

A shortlist of finalists will then be selected following a review of both the survey and case study submissions. The finalists selected will be announced in advance of the ISIA Awards.
